

Sugar lake

The way to conserve water...

Okanagan waterwise

- use less water.
- you can start piling garbage from the water.
- you could make a rain leacher and when it rains, you put a jar a filter the water you catch.

Why do we love water?

We love water because...

- it keeps us hydrated.
- it also keeps us healthy and makes us energised.
- it's good for you.

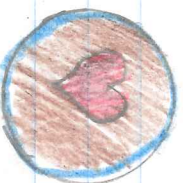

Why is water important to you and the valley?..

Water is important to me because...

- it's a good tool for energy.
- it gives orchards like apples and grapes water to grow.
- when it falls it's good for all of the plants.

We love the Peach land beach because it keeps you cool on hot day and there is a high dive that you can jump off of. It's important to the Okangon because we can't live with out water from the lakes. To save the water insted of pouring a bottle of water on your head on a hot day just go to the beach, but if you can't go to the beach you can get a glass of water to drink and

fill it up an inch or two high.

Fun fact: 
Every year we waste
enough water to fill
5 olympic sized swimming
pools,

Don't be careless!!!

This is how you save water.
Don't take big boats in a lake because the gas can kill the animals like fish and it can drink the lake water.

Tips - conserve

- Tip 1 Pick up garbage
- Tip 2 don't take boats in water
- Tip 3 don't put chemicals in water.
- Tip 4 don't leave garbage in water.

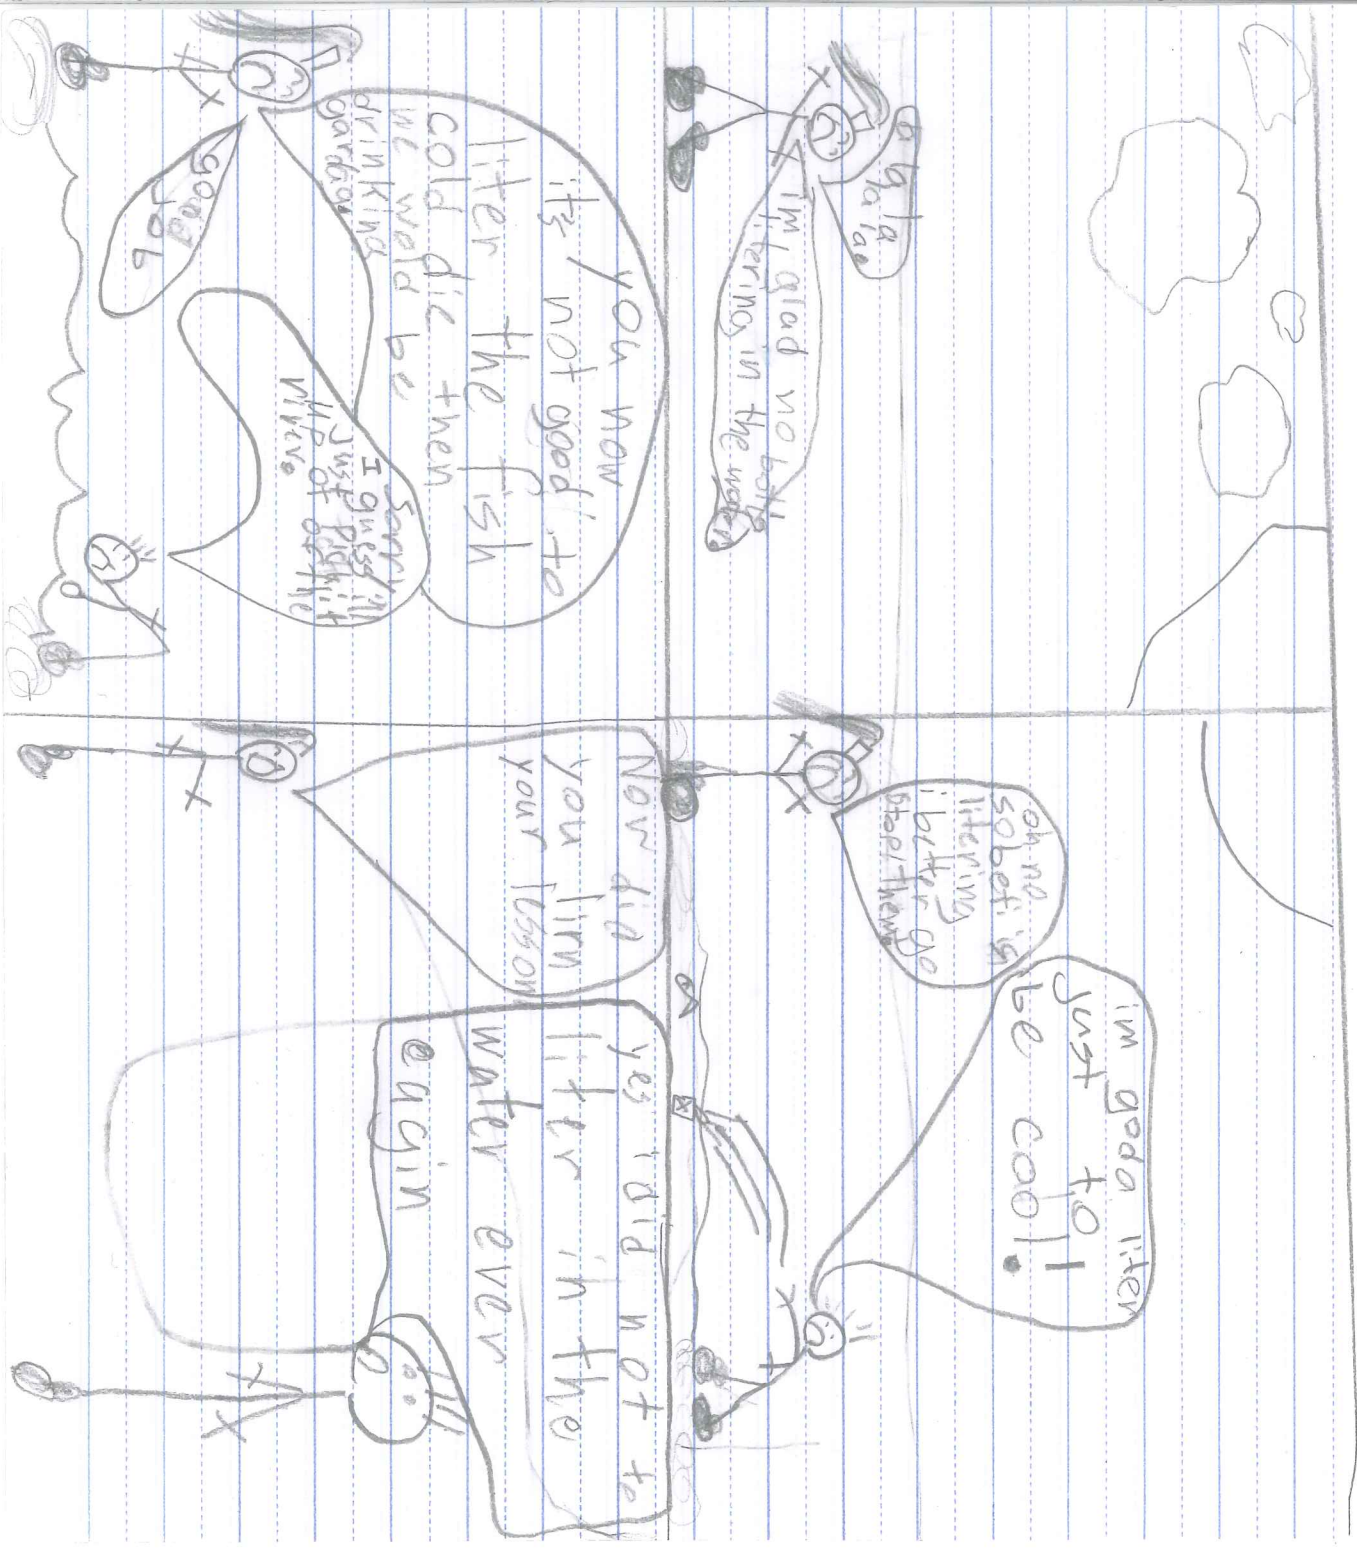

Questions

- 1 Why do you love it? You drink it.
- 2 Why is it important to you and the valley & you can give it to drink it and to grow over and over.
- 3 How can we protect it and conserve water? Put garbage in the garbage can.

I love Okanagan
water because you
can swim in it and
water ski. The water
is pretty clear.

You save water
by putting a

I love water because

you can drink it.

~~If~~ you're hydrated

you can drink water.

Water is important

because you can play

in it. You can put it in

things to eat. Like

soup. The valley is

if you did not have
water you would die.
You guys should
not litter in water

because if you
litter you will have to
swim in dirty water.

What you guys can
do is not litter
and turn off taps.

Don't litter
or you will have
to swim in dirty
water and you
know that's
gross.

We love our water because
it keeps us healthy.

Water is important to us
because we need to drink
water and peepoles are putting
garbage in the lakes and oceans that
makes the water that drink
dirty so we can't drink the water.

We can protect animals
so don't put garbage in lakes
and oceans and we should put
garbage in the lakes and oceans so
we can drink fresh water.

Step 1

Step 2

Step 1 By Step 2

Get a bucket and fill it with water.

If you are thirsty get a cup, and scrape it into the bucket.

then when you are at the beach if your bucket is empty you can fill it up again for water

if you have a car and you pore gas down the drain it will kill animals and go in the lake.

end

Please do not do it

Don't put nets,

on in the lake, because animals can get caught in the nets.

JoJo's walking in the park.
But he did not know that there
was a shark in lake Okanagan.

The shark jumped out
and scared JoJo.

When he found a Garbage
can.

So he started picking up
garbage.

Then JoJo took the last
few peises to the garbage
can.

Now JoJo is all done.

So JoJo went swimming
in lake Okanagan.
